

# Town Centre Access

## (Parking)

"More parking means more shoppers"

"We need more parking – full stop"

"This little market town has grown massively in recent times: car parking has not kept up"

"Enforce parking restrictions"

### Proposals:

- Create short and medium term parking bays on market square
- Negotiate to use Midland Road commercial car parks on event days
- Remove the pedestrian crossing at Queensway junction, relocate Co-op bus stop and create new parking bays on High Street
- Consider long term parking provision on Methodist Church site
